

## **Announcement**

### **Steeline Enclosure Solutions LLC.**

**Date:** 12-1-2009

**Re:** Additions and Changes

**Message:**

With the continued growth of Steeline Enclosure Solutions and the prospect of expanding our size substantially in the future, we have added a separate executive function: Operations. Operations will embrace the following activities:

- Process Improvement
- Manufacturing Improvement
- Resources Development
- Manager and employee development

Steeline Enclosure Solutions is very proud to announce the addition of Roger Vowell to the team. Mr. Vowell will assume the position of Vice President of operations.

Mr. Vowell has many years of experience in Six Sigma, lean manufacturing, process improvement, and operation management. His back ground will help us achieve our goals and strengthen Steeline's commitment to our customers.

Also, Carson J. Keifer will assume the position of Vice President of Sales continuing his role in the growth and development of Steeline Enclosures.

With this growth, Craig Carter will assume the position of Executive Vice President continuing his strong commitment and leadership role to Steeline.

**Steeline Enclosure Solutions LLC.**
